## Spray Paint

### FEATURES:

This Spray Paint may be applied on multi-purpose surfaces. Fast drying protective paint film under suitable weather provides for an attractive, high quality finish.

### APPLICATIONS:

Recommended for interior and exterior use on wood, metal, plastic, masonry, glass, pottery and paper.

### DIRECTIONS:

1. Clean the surface to remove dust and oil.
2. Mask off surrounding areas to avoid over spraying.
3. Shake vigorously for at least 30 seconds before using. Shake intermittently during application.
4. Spray evenly from the distance of 25cm. Apply 3 - 4 light coats leaving 5 minutes between coats.
5. Turn upside down and spray briefly to clear nozzle.

### CAUTIONS:

1. **KEEP OUT OF REACH OF CHILDREN!**
2. **HARMFUL OR FATAL IF SWALLOWED.** If contact with eye, flush with water for 15 minutes and seek medical attention immediately!
3. **CONTENTS UNDER PRESSURE.** Do not puncture or incinerate.
4. Do not use near or expose to flame, spark, heat, sunlight and temperature above 55°C.

Shelf life: 3 Years.
